# PROGRAM

**Dear players, staff, guest, families and volunteers**

Welcome to the 2<sup>nd</sup> Mamanet USA Cup

I congratulate Mamanet Los Angeles, Galit Peled and an amazing team of players for organizing one of Mamanet's biggest tournaments with 22 teams from across the United States who faithfully represent Mamanet's transformation into a recognized and valued international phenomenon.

This tournament is part of a chain of international operations of Mamanet which expanding every day. The process that began few year ago in Lignano, Italy, has expanded its operations both in an increase number of leagues established around the world and in terms of the international seminars, international conferences, professional trainings and more.

This tournament is an important step on our way to the CSIT World Sport Games where MAMANET was recognized as an official branch

This tournament is marked by the start of a new decade in MAMANET.

The last decade was devoted almost entirely to building and integration of mothers league all over -When any such league is active and produces influential circles within the local community / region in which it operates. This decade will be devoted to implement the values of "olympism" in each and every Mamanet league around the world. olympism" is a way of life that combines three areas: sports, culture and education and thus produces a better world. That is where MAMANET put into practice the spirit "olympism" –doing sport and nurturing values of social behavior by mothers.

The spirit of olympism is not reserved only for professional athletes or the young athletes – this spirit deserves to shine on all of us and it will give our children and our families a better life and better world.

Mamanet League since its inception used to leverage social values.

You- the players –are the sports agency and thus give effect to children, families and in your community and especially to you.

Every single one of you is an ambassador- of the game, the values, the professionalism, the spirit, the goals and especially of the change that we bring as a sport-and social movement.

**I AM MAMANET**
